WHITE MINI

JEWELS for POOLS® with BLUE PEARL Pebble Radiance™ is the ultimate in color reflection. This blend of iridescent, multi-hued, vibrant gem-like glass combined with nature's own blend of mini pebbles, abalone shell and rich pigments turn this pebble pool finish from ordinary to extraordinary!

LAGUNA

- Provides industry leading strength and durability.
- Jewels for Pools™ enhanced with Pebble Radiance™ products are crafted using only the highest quality of sourced raw materials located by Universal White Cement™.
- Jewels for Pools™ enhanced with Pebble Radiance™ uses our patented Universal White Cement™ pozzolanic-enhanced cement in each formulation.
- Highest Quality assured pigments are being used in each formulation.

FINEST FINISH
BLENDS®

Actual aggregate size, color and texture can vary from samples and photos to finished pool.

Due to the constant changes and variables such as the angle of the sun, sky and water clarity, pool depth and surrounding reflections of hardscape and landscape, expect your pool water color to change throughout the day. No two pools will reflect the same. Exact pool water color reflection is commodity that cannot be guaranteed.
